

Sari Isdaner
Early Childhood Center
at the Katz JCC

Dear Parents:

The State of New Jersey has mandated that a child who is age - appropriate for public school, but attends private school, is entitled to receive either busing to the school or a rebate if no bus is provided. For the past several years parents of children enrolled in our Kindergarten have received the reimbursement.

Enclosed please find an application for "Public School Transportation Rebate". This form enables you to receive two half - year transportation reimbursements from your public school district. Please fill in and return to us as soon as possible. We will then process it and send it to the appropriate school district. **Please read the bottom half of the form for more details.**

Sincerely,

Donna Snyder

Director
Early Childhood Services
& Family Engagement

PLEASE RETURN IMMEDIATELY
