

COVID-19 CASE PROTOCOL

In an effort to protect the health and safety of all of our members, guests and staff, you will not be allowed to enter the Katz JCC if your temperature is 100.4°F or more, or if you are experiencing or have experienced symptoms of COVID-19. In these cases, we suggest you seek medical assessment.

Please review the guidelines below to determine when you may safely return to the JCC.

If a temperature of 100.4°F or higher was detected by the health screening OR you reported having a fever, you may not return to the JCC until:

- You are symptom-free for 72 hours without the use of fever reducing medications AND 10 days have passed since the appearance of symptoms; OR
- You have received negative results of an FDA Emergency Use Authorized COVID-19 molecular assay for detection of SARS-CoV-2 RNA from at least two consecutive respiratory specimens collected at least 24 hours apart; OR
- You present a doctor's note stating that the fever was not the result of COVID-19, and you do not have COVID-19.

If you reported coughing or difficulty breathing, or two or more other symptoms of COVID-19 you may not return to the JCC until:

- You are symptom-free for 72 hours without the use of fever reducing medications AND 10 days have passed since the appearance of symptoms; OR
- You have received negative results of an FDA Emergency Use Authorized COVID-19 molecular assay for detection of SARS-CoV-2 RNA from at least two consecutive respiratory specimens collected at least 24 hours apart.

If you report having close-contact with someone with suspected or confirmed COVID-19 within the past 14 days, you may not enter the JCC until 14 days have passed since the contact AND you are symptom free.

If you have been diagnosed with, or believe you have, COVID-19, you may not return to the JCC until:

- 72 hours have passed and you are fever-free without the use of fever-reducing medication; AND
- You report improved respiratory symptoms (cough, breathing); AND
- At least 10 days have passed since the symptoms first appeared or since you tested positive; OR
- At least 10 days have passed since the symptoms first appeared or since you tested positive; AND
- You have received negative results of an FDA Emergency Use Authorized COVID-19 molecular assay for detection of SARS-CoV-2 RNA from at least two consecutive respiratory specimens collected at least 24 hours apart.

If you have travelled to a state or province on the travel advisory list, as identified by Governor Murphy (refer to <https://covid19.nj.gov/fags/nj-information/general-public/which-states-are-on-the-travel-advisory-list-are-there-travel-restrictions-to-or-from-new-jersey>), you will not be admitted to the JCC for 14 days, beginning with the first day you return to New Jersey.

KATZ JCC STAFF MEMBERS should contact their supervisor to report that they may not work in the building, and to discuss if an alternate work arrangement is possible. Then, the staff member should call or email the HR Director to report symptoms, and discuss leave options, if needed.
