

Welcome Home!

As many students and family members arrive from out of town to celebrate the upcoming holidays, we know they may wish to utilize our facilities during school breaks, holiday visits, etc.

We love our JCC family and we want to keep everyone safe during the holidays and always.

We are asking the following rules be adhered to during their visits:

- Anyone not currently on an active membership cannot access the JCC at this time. (This includes guests of active JCC members)
- Any student attending College or University from out of state listed on the Travel Advisory (the up to date list can be found [HERE](#)) should adhere to self-quarantine guidelines before we can permit JCC access.
- Any student whose in-state college or university that has had a Covid outbreak on campus (within 1 month of returning home) should also adhere to self-quarantine guidelines before we can permit JCC access.
- Any students who are possibly interviewing for future summer employment must also meet the above criteria before accessing the facility.
- Family Members listed as ACTIVE on a family membership visiting for Thanksgiving and other Holidays are also subject to the same rules regarding self-quarantine periods.
- Family Members from out of town, listed as INACTIVE or not on an active family account are not permitted use of the facility at this time.
- All visiting students or family members who qualify to use the facility must be linked to an ACTIVE account (account cannot be on hold).
- ALL students and families must fill out waivers, code of conducts and health screenings upon visiting the JCC – PLEASE pay close attention to the final two questions on the Health Screening.
